

Hello!

I hope you have had a good gardening season after such trying weather!

Well it is now October & we have been to garden trials this summer & shows to get new gardening ideas & plant varieties. We are working on our ordering for the upcoming season & would like your input. How did your veggies do? How did your flowers do? If you have any photos you would like to share, email them to us & we may include them on our website and/or Facebook page. We also would like your input as to what you had success with & what you did not & if you have any suggestions for any particular items plant or veggie wise that we can try & get for our upcoming season if available. Is there anything else you have found/seen somewhere else & would like us to try to carry this coming season. Feedback as soon as possible would be appreciated as our order deadlines are drawing near. Any feedback is welcome!

Also, please don't forget to check us out & like us on Facebook!!

Hope to hear from you soon!!

Happy Fall!

The Staff @ Heirloom Gardens
